

FOR IMMEDIATE RELEASE

Drug Delivery Experts Provide Highlights from Peptide Research in Most Recent Issue of *Chemistry Today*

The May/June issue of *Chemistry Today* includes a peptide and oligos-specific supplement which features the article, "Highlights in Peptide Research and Development," authored by CEO Chris Rhodes and research staff from Drug Delivery Experts.

The article includes summaries of peptide-related work carried out over the past year by Drug Delivery Experts and CPC Scientific. The summaries highlighted therapeutics, diagnostics, and targeting, in which peptides play a key role in efficacy and molecular construct.

The summaries were prepared by Chris Rhodes and Chris Gothard, of CPC, with contributions from Cathy Charles, Lawrence D'Souza, David Litzinger, and Laxma Reddy, all members of the Drug Delivery Experts research team.

The issue is at newsstands now and is also available for download at: www.teknoscienze.com/chemistry-today, or you can download a copy at: www.drugdeliveryexperts.com/wp-content/uploads/2015/03/ChemistryToday_OligosPeptides.pdf.

About Drug Delivery Experts: Drug Delivery Experts (DDE) is a drug product development company that specializes in the research and development of drug delivery systems from preclinical to clinical development and commercialization. DDE has specific expertise with peptides, proteins, and oligonucleotides along with formulation, process, and combination drug product development. With over 200 years of pharmaceutical development experience at a broad range of companies, the leadership team at DDE has worked on products across many routes of administration and dosage forms including various non-invasive and sustained release injection products. Drug Delivery Experts is located in San Diego, California. For more information, please visit the Drug Delivery Experts website at drugdeliveryexperts.com.
